

Catherine Barr

Children's Author

Catherine writes books to spark questions, inspire curiosity and provoke action to protect the natural world. After campaigning with Greenpeace for years, she trained as a journalist and became Editor at the Natural History Museum, writing exhibitions. She wrote her first book *The Story of Life* (in collaboration with the Museum) after searching in vain for a simple science book about evolution for her children. It was shortlisted for The English Association Picture Book Award and long listed for the School Library Association Information Book Awards in 2016.
