Me. You. A Diary. 2017
 Michael Joseph This is Dawn French's fabulous new non-fiction book and it's totally interactive: take a lovely ramble through the year together with Dawn. Think of it as Dawn's diary, personalized by you . . . perfection.

I can't count the amount of diaries I have crammed full with entries in January, that then fizzle out as the other months pile in. One of my teenage diaries has fulsome fizzing reports of every single conversation, thought and feeling about every friend, every crush, every meal, every argument until mid-March, when the entry on the 18th simply reads, 'Washed hair.'

Thank god, this isn't that. This book is a way for us to tell the story of a year together. Feel free to write your appointments in it, lists, thoughts and reminders of, say, who to kill, and when, and in what order. But I've also written about age and life as I see it, through the seasons and the months, and I've added some places for you to join me in some fun and some thinking. By the end of the year, I am hoping you will have a fatter, scruffier book that is written by me but totally personalized by you.

Come on in. The paper is lovely . . .

Dear Fatty 2008
 Century t's become a cliché in Britain to call somebody in the entertainment field a national institution -- but that's exactly what Dawn French is. As both comedienne and actress (the latter in both comedy and straight parts), she has become one of the best loved entertainers in the country. Her range is not wide (unlike her dimensions -- and that's the sort of joke she'd crack), but she is utterly winning in everything he does. And that quality continues in Dear Fatty, a truly entertaining memoir of an event-packed life.

The Foreign Land of the Very Wealthy - otherwise known as Manhattan's Upper East
Side - has its own rigid code of behaviour. It's a code strictly adhered to by the
Wilder-Bingham family.

Emotional displays - unacceptable.

Unruly behaviour - definitely not welcome.

Fun - no thanks.

This is Glenn Wilder-Bingham's kingdom. A beautifully displayed impeccably edited
fortress of restraint.

So when Rosie Kitto, an eccentric thirty-eight-year-old primary school teacher from
England, bounces into their lives with a secret sorrow and a heart as big as the city,
nobody realises that she hasn't read the rule book.

For the Wilder-Bingham family, whose lives begin to unravel thread by thread, the
consequences are explosive. Because after a lifetime of saying no, what happens
when everyone starts saying . . . yes?

Everyone hates the perfect family. So you'll love the Battles. Mo is about to hit the big 50, and some uncomfortable truths are becoming quite apparent: She doesn't understand either of her teenage kids, which as a child psychologist, is fairly embarrassing. She has become entirely grey. Inside, and out. Her face has surrendered and is frightening children. Dora is about to hit the big 18 . . . and about to hit anyone who annoys her, especially her precocious younger brother Peter who has a chronic Oscar Wilde fixation. Then there's Dad . . . who's just, well, dad. A TINY BIT MARVELLOUS is the story of a modern family all living in their own separate bubbles lurching towards meltdown. It is for anyone who has ever shared a home with that weird group of strangers we call relations. Oh and there's a dog. Called Poo.
