

Henry Naylor

Writer/Director

Henry Naylor is best known for his role as creator and lead writer of HEADCASES, the animated satirical comedy for ITV. HEADCASES used cutting edge computer graphics and the very best in writer and voiceover artists to satirise some of the biggest egos in politics, showbusiness and sport.

Also directed by Henry, the series won the Award for Innovation at the RTS Craft & Design Awards; *“The jury chairs were impressed by the innovation, humour, combination of contemporary story-telling and mischievous animation, all achieved on a low budget in fast turnaround”.*
